FOR IMMEDIATE RELEASE

DINNER HAPPENS HAS THE ANSWER TO... "WHAT'S FOR DINNER?"

They Want to Bring Dinner Back to the Table!

Ukiah CA, December 5, 2005 – Dinner Happens, a new and innovative company, is making home-style meal-preparation a reality at The Ukiah Senior Center. On Dec 17th, 2005 and Jan 28th 2006, Dinner Happens is offering a monthly menu of 12 wholesome and delicious entrees that you assemble yourself from freshly prepared ingredients to take home to your freezer. In about 1½ hours on a Saturday, anyone can quickly and easily put together tasty meals from scratch, using ingredients freshly prepared by the Dinner Happens staff. This method will not only save you money and hassle but also saves you 20-30 precious hours of your time each month! Why not enjoy the quality time with your family and friends instead of spending that time working in the kitchen?

At Dinner Happens, YOU create meals from tested recipes using only the freshest chopped herbs, vegetables, and hand-trimmed meats available. They do all the "Shopping, Chopping and Clean-Up." Dinner Happens is a stress-free, time-saving alternative to current "quick-food" options available today.

When you arrive at your pre-scheduled Dinner Happens session, you are provided with pans, packaging, and all of the ingredients and instructions to assemble 12 delicious dishes in about 1½ hours, with each dish serving 4-6 hungry appetites. The Dinner Happens staff is there to help you every step of the way and they even provide the aprons! The Dinner Happens session usually turns out to be a social event with everyone enjoying themselves while munching on home-made snacks, learning a little something, catching up with old friends, and making some new ones!

Dinner Happens was founded by two friends, Jan Franks and Carlos Swinney, who have discovered that they share a common vision. "They Want to Bring Dinner Back to the Table." Jan and Carlos are long-time local residents with full-time jobs and are each raising their families in the community.
